

THE LONDON EYE

March 30, 2011

We took the kids to the [London Eye](#) a few weeks ago and it was a huge hit! It's funny how sometimes these really 'touristy' things are actually quite nice to do (I feel the same way about the [Bus Tour](#)). Anyway, it's a fun way to see the sprawling city (25 miles, actually), and the kids really enjoyed the 'ride'. The queue seemed long, but it moved really quickly, and before we knew it, we were up 135 meters in the air. It takes 30 minutes to go around, which really seemed like the perfect time to be inside a glass bubble. I really recommend the experience!
